

TECHNICAL DATA

PRINT

FORMAT

Format in the section: 254 mm x 352 mm.
Plus 5 mm bleed allowance at the top,
bottom and the sides.

FARBIGKEIT

1– 4 colour (CMYK). No spot colours.
Only define four colour process colours.
Convert HKS and Pantone to the scale.

DRUCK

Offset printing, 4/4 color scale according to
DIN ISO 12647, Grid width 54 to 60.

DOKUMENTFORMAT

PDF, EPS, TIFF or JPG.
The document must have a minimum reso-
lution of 300 dpi. No data compression may
be made. All image files should be in CMYK
with a resolution of 300 dpi for a 1:1 repro-
duction. They should be stored in TIFF or
binary EPS format. Please check your overflow
and overprint settings – to ensure in parti-
cular the correct overprint of black.

SCHRIFTEN/GRAFIKEN

The data transferred must include all the
components required for exposure (images,
logos, fonts etc.). No modified fonts or true-
type fonts may be used.

FARBVORLAGE/PROOF

No guarantee for colour reproduction with-
out a proof. For files that reach us on time
(that is to say before the deadline for print
material) we will, upon request, prepare a
correction proof, for which a charge is made.

PRODUKTMARKEN

If you refer to the respective event in your
advert, please use exclusively original data
and no versions you have designed yourself.
You can download the word marks under
<https://markenportal.messefrankfurt.com>.
They are protected and may not be changed.

SATZ- UND KORREKTURARBEITEN

Incorrect exposures due to incomplete or
faulty files, incorrect settings or incomplete
information will be invoiced. This applies
equally to additional typesetting or correction
work.

LIEFERADRESSE DRUCKDATEN

**Messe Frankfurt
Medien und Service GmbH**
Publishing Services – Frankfurt daily
Ludwig-Erhard-Anlage 1
60327 Frankfurt, Germany

Please use only CD-ROM or DVD-R disks or
